Writing Task 2

Variant A

You are participating in an online discussion about education and modern technology. The question is:

Some people believe that online education is more effective than traditional classroom learning, while others argue that face-to-face education provides better learning opportunities.

Post your response, discussing both views and giving reasons and examples. Write 180-200 words.

Variant B

Some people believe that studying online is as effective as studying in a classroom, while others argue that students learn better in a physical school.

Post your response, discussing both views and giving reasons and examples. Write 180-200 words.
